

Guild Exchange Project

Have you ever heard of a round robin? It means passing something around from one person to the next, giving participants a chance to sew something on another person's quilt. You'll receive back that with which you started, plus additions.

Our guild has decided to sponsor a round robin exchange. Each member chooses a quilt based on either a center block with borders, or a row by row design. Each month you'd add a border or make a row for someone's quilt, then bring it to guild and pass it on for the next person to work on. It's a great opportunity to meet fellow members and have a new quilt. There's still time to sign up. Use the sign-up sheet found at the back of the room or contact me - victoriafoley@att.net or 913 544 3097.

Rows can be any length you like but no longer than 60 inches; any height, but no more than 12 inches. Each person makes a row to go with yours. No rows will be sewn together, that's for you to do when you get it all back. You may send fabric and/or specific requests if you choose.

Blocks The size of your beginning block can be up to but no larger than 20" by 20" or the finished quilt will be quite large. Again you can send fabric and instructions if you want. Each person adds a border, and you get your original block back with all the borders attached.

Your row or block is to be delivered at the guild meeting. It will be passed to the next person every month until it has made the rounds. Put your project in a container with any instructions/fabric. Be sure your name and contact information is clearly marked.
