

Starlight's Workshop Block of the Month!

Let me start out by saying, I didn't reinvent the wheel—I found free quilt patterns on the internet. These are for personal use and/or donation quilts. I thought a Sampler style quilt would be a fun Lap Quilt pattern.

Finished size is 44" x 50" (if donation, it is within Cancer Center requested size)

For the first month, I've included the layout and finished size of the blocks.

The sashing strips (in blue or whatever you choose) are cut 1 1/2" (1" finished). The binding is the same color as the sashing strips. However, it's your quilt, finish as you like. If you prefer a large lap quilt, a border can be added as well.

***Important:** choose your own colors—the blocks are internet freebies, so it's a mixed bag of colors.

Let's start with the largest block first!
